Tribal Program Newsletter

Meetings and Conferences

Sponsor: National Tribal Environmental Council

Apr 15-18	15 th Annual National Tribal Environmental Council Meeting	Santa Fe, NM	Call 505-242-2175 ext, 107 or go to www.ntec.org
-----------	---	--------------	--

Sponsor: EPA, Centers for Disease Control (CDC) and Prevention, Western States Regional Grantees, State CLPPPs, HUD & Partners

Jun 9-11	Transitioning from Lead Poisoning Elimination to Healthy Homes	Las Vegas, NV	Barbara Hairston, (323) 869-7064 bhairston@ph.lacounty.gov
----------	--	---------------	--

EPA, CDC and HUD welcome tribal government officials to serve as session speakers and/or panel members to address childhood lead poisoning in Indian Country, with a focus on efforts by Tribes to identify and reduce childhood lead poisoning among tribal members. Region 9 folks should call David Tomsovic 415-972-3858 or email tomsovic.david@epa.gov. For reservations call 800-635-7711, Code: SGNVEHA to reserve your hotel room.

Sponsors: EPA. Co-hosts: The Institute for Tribal Environmental Professionals (ITEP) and the National Tribal Air Association (NTAA)

Jun 3-5	Air Quality	Las Vegas, NV	Contact: Sharlene Brown, 928-523-5504 or email Sharlene.Brown@nau.edu
---------	-------------	---------------	---

A limited number of travel scholarships are available for tribes. ITEP will cover hotel and per diem costs for tribal participants on a limited basis. Applicants can submit requests for stipends to cover transportation costs (airfare and/or mileage reimbursement), however funds are limited and requests will be approved on a case-by-case basis. The deadline to request travel scholarship support is April 11, 2008. Registration deadline is April 25, 2008:

Mar 18-19	Home energy efficiency	Seattle, WA	** see below
Apr. 15-16	Home energy efficiency	Portsmouth, NH	**see below
May 5-6	Home energy efficiency	Anchorage, AK	**see below

These 2-day informational workshops focus on homes energy efficiency and comfort, as well as indoor air quality, renewable energy resources, and mold and moisture prevention. The workshops also feature hands-on demonstrations of energy efficiency products. Registration is free. Register and receive logistical information for trainings online at www.firstpic.org. For more information contact Rebecca Smith, Conference Coordinator, 315-218-6261 or email at rsmith@firstpic.org.

Drinking Water Training for Tribes and Tribal Operators

The following Web site presents a list of training opportunities that may be of interest to tribes and tribal operators. <http://www.epa.gov/safewater/tribal/training.html>. Click on your region to learn about training opportunities that are available in the upcoming months. For more information, email betanzo.elin@epa.gov.

**Sponsor: Inter Tribal Council of Arizona (ITCA)**

Mar 10-14	Water distribution – Level Two	Window Rock, AZ	Contact: 602-258-4825 or www.itcaonline.com/tws/
Mar 18-20	Water Distribution –Level One	Window Rock, AZ	Same as above
Mar. 24-28	Safe Drinking Water Act – Water Laboratory (PDH)	Window Rock, AZ	Same as above
Apr 14-18	Water Treatment – Level Two	Window Rock, AZ	Same as above
Apr 15-18	Waster Collection and Small Wastewater Treatment Lagoon – Level One	Window Rock, AZ	Same as above
Apr 24-25	ITCA/ADEQ Operator Certification Drinking Water Workshop	Winslow, AZ	Same as above

ITCA will provide tribal operators reimbursement for travel and per diem based on Federal Government Regulations. Travel and per diem reimbursement are available for confirmed participants from tribes located in the EPA Region 9 area. Your participation ensures that the tribal water operator certification program continues to meet your needs.

Bill Helmich Associates Training Seminars

A brochure for training seminars is available from Bill Helmich Associates, P. O. Box 789, Sandia Park, NM 87047 505-281-9884 or visit: <http://www.billhelmichassociates.com>

Grants and Loans**Grants.gov**

Funding from the Tribal Energy Program is through a competitive process. Each funding opportunity will include instructions on how to apply, application content, and the criteria by which applications will be selected for funding. Only applications submitted through Grants.gov can be considered for award. To submit an application, you must complete the one-time registration process. As the registration process in Grants.gov may take 21 days or more to complete and must take place prior to submitting an application, applicants are encouraged to begin the process at least three weeks before the application due date. See <http://www.grants.gov/GetStarted>. Questions regarding Grants.gov should be directed to the Grants.gov Customer Support Center between 7am and 9pm EDT at 1-800-518-4726 (1-800-518-GRANTS) or at support@grants.gov.

U. S. Environmental Protection Agency (EPA)**Clean Indoor Air in Developing Countries**

EPA requests proposals for the Partnership for Clean Indoor Air Outreach, Communication and Education. This program supports outreach, communication and education activities aimed at reducing exposure to indoor air pollution from household energy use in developing countries. Priority areas of interest include: incorporating social and cultural practices to promote adoption of new technology; developing local sustainable markets for improved technology; improving the design and performance of technologies; and monitoring indoor air pollution and socio-economic impacts of the intervention. \$600K is expected to be available and one award is anticipated. Responses are due March 7. For more information, contact Annette Johnson at johnson.annette@epa.gov or go to: http://www.epa.gov/air/grants_funding.html

Request for Proposals (RFP) Issued for the 2008 Wetland Program Development Grants

EPA, Region 9 has issued the 2008 RFP for the Wetland Program Development Grants. Both Tribes and Intertribal groups are eligible for these grants. Applications are due to the EPA by Tuesday, March 25. This year's funding priorities include developing and adopting wetland assessment and tracking systems; developing and adopting wetland protection policies and procedures; evaluating the effectiveness of compensatory mitigation; evaluating tools for determining wetlands jurisdiction; assessing climate change effects on wetlands; and developing policies and mechanisms to reduce the effect of climate change on wetlands. Details of this grant program, including additional priorities and application requirements, are at <http://www.epa.gov/region09/funding/wetlands-08.html>. The Region 9 contact for this grant program is Suzanne Marr at 415-972-3468, or marr.suzanne@epa.gov.

Community Action for a Renewed Environment (CARE) Program

EPA's CARE Cooperative Agreement Request for Proposals (RFP) for 2008 is now available on-line at: http://www.epa.gov/air/grants_funding.html#0802. Applications for the CARE grants are due March 17, 2008. Eligible applicants include county and local governments, tribes, non-profit organizations and universities. For more information contact Becki Derr, Lead Region Coordinator for the Office of Prevention, Pesticides and Toxic Substances, 206.553.6389 or e-mail: derr.rebecca@epa.gov. The CARE website has additional information related to the CARE RFP, including the upcoming Q&A Web casts, so also visit: <http://www.epa.gov/CARE>

Water Pollution Control Program

Region 9's Water Division Tribal Office has distributed its FY08 Tribal CWA Section 106 (Water Pollution Control Program) Grant Funding Announcement to all Region 9 Tribes. The announcement can be obtained at the following Web site: <http://www.epa.gov/region09/water/tribal/pdf/fy08-tribal106-grant-announce.pdf>. Application deadlines are as follows: Final grant application is due on April 1 with final workplan.

EPA Region 9 Water Infrastructure Loans Available to Tribes

The Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF) loans are innovative methods of financing a range of water quality and safe drinking water projects. Under the CWSRF & DWSRF programs, EPA Region 9 provides grants or "seed money" to the states of Arizona, California, Hawaii and Nevada to capitalize individual state CWSRF and DWSRF loan funds. The states, in turn, make loans to communities, and individuals, for high-priority water quality and drinking water activities. Tribes are also eligible to receive CWSRF and DWSRF loans from the states. The programs are managed by the states, and loans or other types of assistance for water quality and drinking water projects are distributed according to each state's program and priorities. Eligible projects under the DWSRF include installation and replacement of failing treatment facilities, eligible storage facilities and transmission and distribution systems. Projects to consolidate water supplies may also be eligible. CWSRF loans are used to build or improve wastewater treatment plants, to develop or implement estuary improvement projects, and to implement nonpoint source pollution control activities. For more state specific information about the CWSRF and DWSRF programs, visit the U.S. EPA, Region 9 Web site at <http://www.epa.gov/region09/water>

Local Governments Reimbursements (LGR)

The LGR program provides federal funds to local governments for costs related to temporary emergency measures conducted in response to releases or threatened releases of hazardous substances. The program serves as a "safety net" to provide supplemental funding (up to \$25,000 per incident) to local governments that do not have funds available to pay for these response actions. Eligible local governments include cities, towns, townships, counties, and federally-recognized Indian Tribes. Typical incidents include transportation accidents, abandoned drums, former methamphetamine labs, chemical spills and accidents, as well as threats that any hazardous substance may be released. If local hazardous material responders incurred expenses to an incident on tribal lands or within their jurisdiction, tribes may seek cost reimbursement from the EPA within one year of the response. The Region 9 contact for the LGR program is Hedy Salter at 415-972-3046. Further information on the program can be found at <http://www.epa.gov/superfund/programs/er/lgr/index.htm>; or by calling the LGR Helpline at 800-

431-9209 and asking for an application package to keep on hand. For additional information about these procedures contact Daniel Meer at 415- 972-3132 or by email at meer.daniel@epa.gov .

U.S. Department of Agriculture (USDA)

Revolving Fund for Water and Wastewater

USDA requests proposals for the Revolving Fund (RFP) Grant Program. Through the RFP, non-profit organizations will receive funds to establish a revolving loan fund to finance predevelopment costs of water or wastewater projects, or short term small capital projects not part of the regular operation and maintenance of current water and wastewater systems. \$496K is expected to be available and one award is anticipated. Responses are due March 28. For more information, contact Anita Obrien at anita.obrien@wdc.usda.gov or go to: <http://www.usda.gov/rus/water/revolving-fund.htm>.

Tribal Colleges – AG Alternative Energy and Sustainability

USDA requests proposals from 1994 Land-Grant Institutions for the Tribal Colleges Research Grants Program. Eligible institutions may propose projects in any discipline of the food and agricultural sciences. Examples include, but are not limited to: Research on alternative energy sources, biotechnology, sustainable agriculture, sustainable forestry and waste management. \$1 million is expected to be available and individual awards NTE \$150K. For more information, contact Salei'a Afele-Fa'amuli at sfaamuli@csrees.usda.gov or go to: http://www.csrees.usda.gov/funding/rfas/tribal_research.html.

Tribal Colleges – AG Efficiency and Bioenergy

USDA requests capacity building proposals from 1994 Land-Grant Institutions for the Tribal Colleges Extension Program. Areas of interest include, but are not limited to: Projects that increase knowledge of bioenergy and biomass conversion assist farmers and ranchers to increase efficiency of agricultural production systems, and/or improve management of forest and rangelands, including land, air and water. \$945K expected to be available, no max or minimum funding specified. For more information, contact Joan Gill at serdegrants@csrees.usda.gov or go to: http://www.csrees.usda.gov/funding/rfas/tribal_extension.html.

U.S. Department of Health & Human Services

Indian Health Professions Scholarship Program

The Indian Health Professions Scholarship Program is for American Indian and Alaska Native students who are members of their Tribe (federally recognized only) and enrolled in health professions and allied health professions programs. Students incur service obligations and payback requirements on acceptance of funding from this program. Priority is given to graduate students and junior- and senior-level students unless otherwise specified. http://www.raonline.org/funding/funding_details.php?funding_id=268 . Application deadline: March 28.

Pre-Graduate Scholarship Program

The Indian Health Professional Pre-Graduate Scholarship Program provides financial support for federally or state-recognized American Indian and Alaska Native students to enroll in courses leading to a bachelor's degree in specific pre-professional areas such as pre-medicine, pre-dentistry and others as needed by Indian health programs. For more information go to: http://www.raonline.org/funding/funding_details.php?funding_id=267 Application deadline: March 28.

Vocational Rehabilitation Services Projects for American Indians with Disabilities

These grants provide vocational rehabilitation services to American Indians with disabilities who reside on or near Federal or State reservations. http://www.raconline.org/funding/funding_details.php?funding_id=409. Application deadline is May 5.

Native American Research Centers for Health (NARCH) Grants

Grants are provided to develop opportunities for conducting research and research training to meet the needs of American Indian/Alaska Native communities.

http://www.raconline.org/funding/funding_details.php?funding_id=394

Letter of Intent (Optional) is due March 15 and application deadline is on May 16.

Miscellaneous Grants and Funding Opportunities:

Water Infrastructure Finance Authority (WIFA)

Applications are currently being accepted for pre-design and design projects that prepare communities for construction in circumstances where resources are otherwise limited or lacking. The Technical Assistance (TA) Grant on-line applications for sewer and drinking water projects are now available by going to www.azwifa.gov. Deadline for submission of FY 2009 TA Grant on-line application is Friday, May 2, 2008. If you have any questions or concerns, please contact Laurie Tsosie, 602-364-1321 or email ltsosie@azwifa.gov or Jon Bernreuter, 602-364-1326 or email jbernreuter@azwifa.gov.

Arizona Department of Environmental Quality (ADEQ)

ADEQ has grant applications to enhance recycling efforts from private enterprises, political subdivisions, tribal governments and nonprofit organizations that serve Arizona communities. It provides funding for recycling projects statewide in three major categories: Waste Reduction Assistance, Waste Reduction Initiative through Education and Recycling Research and Development. For more information, please go to the following press release <http://www.azdeq.gov/function/news/2008/download/0115.pdf> or contact Mark Shaffer, Communications Director, 602-771-2215. The deadline for proposals is Thursday, March 6 by 3:00 p.m.

Wildlife Conservation Board (WCB) Ecosystem Restoration on Agricultural Lands (ERAL)

The WCB now has funding for grants specific to ERAL. Under Proposition 84 the WCB received \$5 million dollars to "Assist Farmers in Integrating Agricultural Activities with Ecosystem Restoration and Wildlife Protection". Eligible funding applicants include agricultural and conservation related non-profit groups, along with public entities involved in working with private agricultural land owners. The types of projects to be funded are restoration and enhancement projects that provide long-term, durable habitat benefits to wildlife on working agricultural lands, with a special focus on private farms. Additional information regarding how to apply for these funds, including project selection and time-lines are available on the WCB's web page. http://www.wcb.ca.gov/Pages/eral_project.asp

California Department of Water Resources 2008 Water Use Efficiency Proposal Solicitation

This grant program will primarily fund projects that are not locally cost effective, and that provide multi-benefits such as water savings or in-stream flows and timing, water quality, and energy savings. Benefits can be local, to the Bay-Delta or to the State. Cost-sharing is required but, disadvantaged communities can request full cost of projects with no local cost-sharing. The total amount available for the 2008 Grant Funding Cycle is \$35.3 million. One unique component of the 2008 Grant Program is the availability of technical assistance provided by Cal Poly San Luis Obispo and Self Help Enterprise to identify projects and develop proposals for tribal and disadvantaged communities. For more information, go to: <http://www.owue.water.ca.gov/docs/2004Apps/2004-049.pdf>, or contact Wayne Verrill, 916 653-4863 or wverrill@water.ca.gov

Environmental Reporting

The Metcalf Institute for Marine & Environmental Reporting is requesting applications for Diversity Fellowships in Environmental Reporting, a 42-week fellowship program that provides traditionally under-represented minority journalists with an opportunity to learn basic science, gain environmental research and reporting skills, and apply new knowledge and skills in a reporting assignment. \$28K stipend is included and six awards are anticipated. Responses are due March 18, 2008. For more information, go to:

http://www.metcalfinstitute.org/fellowships/apply_diversity.htm_.

Social Entrepreneurship Funding Opportunity

The Skoll Foundation requests proposals for Social Entrepreneurship Awards to people whose work has the potential for large-scale influence on critical challenges of our time in the areas of environmental sustainability, health, tolerance and human rights, institutional responsibility, economic and social equity, peace and security. These awards provide later-stage funding, which is generally structured as a \$1 million award paid out over three years. In most cases, the grant is provided for core support to help organizations expand their programs and capacity to deliver long-term, sustainable equilibrium change. Applications are received year round. For more information, go to: <http://www.skollfoundation.org>.

Integrated Waste Management Board

The Farm and Ranch Solid Waste Cleanup and Abatement Grant Programs provide funding from the California Integrated Waste Management Board (CIWMB) for cleanup of illegal solid waste sites on farm or ranch property. Grants are limited to \$50,000 per cleanup or abatement project with a limit of \$200,000 per year for each eligible applicant. Only cities, counties, resource conservation districts and Native American tribes may apply. There are no specific filing dates; grant applications are accepted continuously and reviewed on a quarterly basis. General information and an application package are available on Web site:

<http://www.ciwmb.ca.gov> or by calling 916-341-6316

Housing and Community Development in California

Grants are available to cities and counties to fund housing and community development activities. Applicants that do not receive Community Development Block Grant Program funds directly from the U.S. Department of Housing and Urban Development (HUD) are eligible. Eligible activities include new construction and rehabilitation of housing, community facilities, infrastructures, and public services. A set-aside allocation of funds is awarded to projects serving Native Americans who do not belong to a federally recognized Indian tribe or Rancheria. Another set-aside of funds is awarded to non-entitlement communities (colonias) located within 150 miles of the California/Mexico border. For more information, call Allen Jones 916-319-8402 or email ajones@hcd.ca.gov

California Bay-Delta Authority Science Grants

This program seeks to invest in projects that develop new knowledge about how water use and management activities interact with and affect key aquatic species and environmental processes across spatial and temporal scales. The geographic areas of interest are the San Francisco Bay Estuary and the Bay-Delta System. To access detailed information about this opportunity, visit: <http://www.solicitation.calwater.ca.gov> or call the Cal Water Helpline at 877-408-9310.

California Endowment Program

The California Endowment is pleased to offer a new Grant Application Guide for prospective applicants. Several changes have been made in application procedures to better focus resources to make lasting improvements in the health of Californians. In conjunction with the launch, The Endowment is also hosting a series of information sessions throughout the state. For more information, please go to

<http://www.calendow.org> or call 800-449-4149.

Funding Sources for Communities

A grants list of the updated version to the Funding Sources for Communities matrix can be viewed by going to the following Web address: <http://www.epa.gov/region09/funding/index.html> For more information, call Jessica Counts 415-972-3288.

Economic Development

The U.S. Economic Development Administration requests proposals under the Public Works and Economic Development Act of 1965, as amended, and the Trade Act of 1974. This program supports projects that promote comprehensive, entrepreneurial and innovation-based economic development efforts to enhance the competitiveness of regions, resulting in increased private investment and higher-skill, higher wage jobs in areas experiencing substantial and persistent economic distress. \$250.7 million is expected to be available, proposals accepted on a continuous basis. For more information, go to:

http://www07.grants.gov/applicants/search_opportunities.jsp.

Employment Opportunities

Director, American Indian Environmental Office (AIEO), U.S. EPA

This position, within the Office of Water's Office of the Assistant Administrator, provides leadership across EPA on national Tribal programs and issues involving public health and the environment in Indian Country. These issues require diplomatic and technical skills to advise and assist the Administrator and other top-level officials in EPA and to negotiate with other Federal agencies, the Executive Office of the President, and other stakeholders. Superior leadership is essential to ensure that EPA effectively implements and promotes cross-media integration of Tribal operations, and that operations remain a priority throughout the Agency with the appropriate resources and management support to carry out program responsibilities. This is a full-time permanent position, with a salary range from \$114,468 to \$172,200 per year and is located in Washington, DC. Closing date is March 7. For more information go to:

<http://jobsearch.usajobs.gov/getjob.asp?JobID=68150700&AVSDM=2008%2D02%2D06+00%3A03%3A03&Logo=0&q=senior+executive+service+EPA&sort=rv&FedEmp=N&vw=d&brd=3876&ss=0&FedPub=Y>

Environmental Director, Yerington Paiute Tribe

Director will supervise the activities of the Tribal environmental program and is responsible for the planning and implementation of specific EPA programs. Conducts research, data collection, and community education in relation to specific environmental issues that effect the Reservation. Identifies work projects and develops tasks and objectives to meet Tribal environmental goals. Facilitates public meetings and reports to Tribal Council on environmental concerns of the community. For more information, contact Katie Emm at 775-463-3301 or 775-8983-3895, or e-mail admin@ypt-nsn.gov.

Habitat Restoration Biologists in the Klamath Basin

Two Habitat Restoration Biologists GS 9/11 positions are currently open. One is located in Klamath Falls, Oregon, and one in Yreka, California. To view vacancy announcements go to: <http://jobsearch.usajobs.gov/>. Closing date for applications is March 11.

Geographic Information Systems (GIS) Coordinator for San Manuel Band of Mission Indians

Under the direction of the Environmental Protection Manager, the GIS Coordinator is responsible for all aspects of GIS of the San Manuel Band of Mission Indians. The GIS Coordinator will maintain all maps, personnel and geo-databases, and Global Positioning System (GPS) systems. The GIS Coordinator will also support other Tribal departmental GIS needs. For more information, contact Becky J. Ross, Environmental Manager, 909-425-3590, x 4320, bross@sanmanuel-nsn.gov, or Marylou Williams, 909-425-4800 ext. 4418, Mwilliams@sanmanuel.com

Environmental Director, Campo Indian Reservation

The Campo Indian Reservation has an opening for an environmental director. This person will direct environmental programs for the tribe, such as water issues, drinking water, non point source, emergency response, solid waste, and air. Solid waste includes the permitting and regulatory oversight of a commercial waste facility. Director will report to Campo Tribal Administrator. The Campo Indian Reservation is located in the southeast quarter of San Diego County. This position is a tribal preference/ Indian preference position under applicable Federal and Tribal laws. All qualified applicants are encouraged to apply. Position is open until filled. Please submit your resume Attention: Councilman Connolly, 36190 Church Road, Campo, CA 91906 or call Lisa Gover at 619-478-9046.

Air Quality Compliance Specialist, Cabazon Band of Mission Indians

Under the general supervision of the Cabazon Environmental Department Environmental Coordinator, performs field monitoring, testing, investigation and survey activities as necessary for air quality regulatory compliance. This position requires a Bachelors Degree and directly relevant experience in air quality a plus. For more information contact Human Resources, Cabazon Band of Mission Indians, Fantasy Springs Resort, Paul Soama, 760-342-2593, ext. 85751

Miscellaneous Items of Interest

Working Effectively with Tribal Governments (WETG)

The American Council on Historic Preservation (ACHP) announces the availability of an online training course for federal employees called, "Working Effectively with Tribal Governments." For a limited time, this course will be available to the public free of charge. While this one-hour training is geared towards federal employees, all preservation partners are encouraged to take the training to better understand the relationship federal agencies have to Indian tribes and the legal requirements that might impact the Section 106 review process. This course will be available to the public until April 30, 2008, at www.GoLearn.gov. Once at the GoLearn web site, click on the small thumbnail to go to the tribal training. For more information about this training, go to www.achp.gov

Drinking Water Training Opportunities for Tribes and Tribal Operators

A new website is available that provides a consolidated list of drinking water training opportunities that may be of interest to tribes and tribal operators during the upcoming months. This list organizes courses from many training providers by region, and it also includes a list of trainings that are available online. This list will be updated quarterly, so if you would like to highlight an upcoming training course on this list please send an email to betanzo.elin@epa.gov. The website can be accessed at <http://www.epa.gov/safewater/tribal.html>

Office of Special Trustee (OST) for American Indians

The Department of Interior, OST for American Indians manages more than \$67 million in Indian Trust accounts for more than 63,000 account holders whose whereabouts are currently unknown due to outdated or incomplete contact information. OST is searching for these people to distribute their funds to them. To find out if you or someone you know is on this OST list, visit their Web site at www.doi.gov/ost and click on "Locating IIM Account Holders". The Trust Beneficiary Call Center toll free number is 1-888-678-6836 or letters may be sent to:

Office of the Special Trustee for American Indians
Attn: Address Change
4400 Masthead Street, NE
Albuquerque, NM 87109

Article and film regarding the Western Shoshone and Carrie Dann

This film has been awarded the Best Documentary award at the 32nd Annual American Indian Film Festival. Check it out at: <http://www.ens-newswire.com/ens/dec2007/2007-12-06-01.asp> and 25 minutes of the film is accessible on YouTube at <http://www.youtube.com/watch?v=ffYNzUDR-6k>

The Region 9 Pesticides Office seeks input on proposed Funding Criteria

Region 9's Pesticides Office is reexamining the approach used to select tribal programs for funding and the amount of funds each tribal program receives. Our goal continues to be to provide the widest possible coverage in Indian country, ensuring that the tribes with the greatest potential for exposure to pesticide risks have pesticide program coverage. EPA currently provides ongoing pesticide program funding to fourteen tribes and one tribal consortium in Region 9. As additional tribes express interest in pesticide funding, resource allocation decisions are becoming more critical. The Region 9 Pesticide Office is proposing the establishment of criteria against which we can prioritize requests for continuing cooperative agreements. The proposed criteria are:

Population - Number of residents (tribal members and others) living within reservation boundaries;

Acreage - Number of acres within reservation boundaries; and

Agricultural Acreage - Number of acres within reservation boundaries that produce an agricultural crop.

We will also consider special issues such as continuity of programs, weed control, structural applications, and performance under the grant. If you want more information or wish to provide comments on this effort, contact Pam Cooper at (415) 947-4217 or via e-mail at cooper.pam@epa.gov.

Tribal Compliance Assistance Center – Office of Enforcement and Compliance Assistance

EPA's web-based Tribal Compliance Assistance Center is now available to provide comprehensive compliance assistance and pollution prevention information for regulated activities in Indian Country. For more information, go to the following site: <http://www.epa.gov/tribalcompliance>. This center is designed to help tribal environmental professionals and facility owners and operators comply with environmental regulations and get information on topics including waste management, air and water resources, drinking water, and public safety. From the Tribal Center, viewers can report a complaint to EPA, find out the compliance status of facilities in Indian Country, learn how to apply for federal grants, and locate EPA personnel who can answer your environmental compliance questions. If access to the Internet is limited, much of the Tribal Center's information is found in the *Profile of Tribal Government Operations* which can be ordered by calling 1-800-490-9198. All of EPA's compliance assistance centers are found at <http://www.assistancecenters.net>. If you have any questions about the Tribal Center or the *Profile of Tribal Government Operations*, contact Jonathan Binder at 202-564-2516, binder.jonathan@epa.gov, or Catherine Tunis at (202) 564-0476, tunis.catherine@epa.gov or by mail: EPA, 1200 Pennsylvania Avenue, N.W., Mail Code 2224A, Washington DC 20460.

Office of Air Quality Planning and Standards (OAQPS)

OAQPS has released two documents for review and comment concerning Indian tribes. The first document, entitled Consulting with Indian Tribal Governments, is OAQPS' guidance to its staff on how they should determine if EPA actions have potential effects or impacts on tribes, and how the Agency should conduct outreach and collaboration while not ignoring its responsibility to fully consult with such tribes. It is important to note that this guidance is subject to change or could be preempted by a forthcoming Agency-wide consultation policy currently under development. The second document, entitled The Office of Air Quality Planning and Standards Tribal Program Plan 2008-2013, outlines OAQPS' tribal priorities and its plans for addressing these priorities. The priorities are intended to be carried out in concert with the Office of Air and Radiation Strategy. Comments may be submitted directly to Yvonne Johnson at johnson.yvonne@epa.gov. To view these documents, click or paste on the browser the following address.

<http://www.epa.gov/oar/tribal/pdfs/Tribal%20Guidance%20and%20Policy%20Final%20Draft.pdf>

Water Quality Trading Toolkit for Permit Writers

EPA has just issued a new publication as part of its effort to support innovative, market-based approaches to water quality trading. The *Water Quality Trading Toolkit for Permit Writers: Interim Technical Guide* provides National Pollutant Discharge Elimination System (NPDES) permitting authorities with the tools they need to incorporate trading provisions into permits. The Toolkit also serves as EPA's first "how-to" manual on designing and implementing trading programs consistent with EPA's 2003 *National Water Quality Trading Policy* and will be valuable to all stakeholders. The Toolkit is a web-based document available at:

<http://www.epa.gov/waterqualitytrading/WQTToolkit.html>

Tribal Compliance Assistance Notebook

EPA's Tribal Schools Compliance Assistance Notebook provides quick access to many programs and resources available to help Tribal school districts and Tribal schools prevent and resolve environmental issues in schools. The Notebook presents information on complying with Federal laws and regulations and maintaining school facilities that are safe and healthy for students and staff. Topics include asbestos, chemical use and management, drinking water, pesticides, PCBs, lead-based paint, and more. The Notebook is available at <http://yosemite.epa.gov/r10/tribal.nsf/programs/tribal+schools>. The Tribal Schools Compliance Assistance Notebook is part of EPA's National Tribal Compliance Assurance Priority (<http://www.epa.gov/compliance/data/planning/priorities/tribal.html>).

Consulting with Indian Tribal Governments at Superfund Sites: A Beginner's Booklet

If you have questions concerning this booklet or would like to obtain a copy, please contact Nick Rebek, State, Tribe, and Site Identification Branch, 703-603-8811

Professional Resources for Household Hazardous Waste (HHW) Program Staff

California Hazardous Materials Information Exchange list serve is used mainly by HHW professionals in California, but may be useful for those working outside of California as well. The list serve is also searchable by topic and date: <http://groups.yahoo.com/group/hhwie/>

America's Children and the Environment Web Site

This Web site provides measures of environmental factors related to the health and well being of children in the United States. The Web site shows trends in environmental contaminant levels in air, water, food, and soil; concentrations of contaminants measured in the bodies of children and women; and childhood illnesses that may be influenced by exposure to environmental contaminants. Ultimately these measurements will help guide efforts to minimize environmental impacts on the nation's children and also will form discussions among policymakers and the public about how to improve federal data. The updated measures are available at: <http://www.epa.gov/envirohealth/children>

Office of Administration and Resources Management (OARM)

The Grants Administration Division (GAD) of OARM is issuing a Statement of Work (SOW) to provide administrative and financial systems assistance and advice to Tribes. They are particularly interested in SBA 8(A) firms. This SOW is the one for which GAD has allotted yearly funding. Annual funding levels are anticipated between \$200,000 and \$400,000, with actual levels depending on the Agency's budget situation. It also could go higher in the event that other programs would like to join forces and supply funds as well. If anyone has any questions, please contact Glen Langlois at 202-564-5296 or via email at langlois.glen@epa.gov.

Indian Health Service (IHS) Web-based Sanitation Deficiency System (SDS)

IHS selects tribal drinking water, wastewater, and solid waste construction projects for funding every year from their SDS list. This list is accessible on the Internet at <https://wstars.ihs.gov> through a Public Login. To review a list of tribal projects on the SDS list, including their relative ranking, select an IHS Area and run a report of the SDS one-line listing. If you know of a tribal infrastructure need that should be included on the SDS list, but is not, contact your local IHS Office of Environmental Health to learn how the list is updated for your tribe.

National Response Center (NRC)

The NRC is the sole federal point of contact for reporting oil and chemical spills. To report a spill, contact 1-800-424-8802 or 1-202-267-2675 or visit their Web page at: <http://www.nrc.uscg.mil> and click on services and web reports. The NRC operates 24 hours a day, 7 days a week, 365 days a year.

Procedures for Accessing EPA Resources for Emergency Responses to Hazards Materials Incidents on Tribal or Federal Lands in AZ

Call 9-1-1 first. Then notify the National Response Center at 1 800-424-8802. A tribe can also notify Arizona Department of Environmental Quality (ADEQ) at 602-390-7894 or 602-771-2330. If it is a transportation-related spill, call 602-223-2212 at the Arizona Department of Public Safety. In addition, local jurisdictions need to be

notified of the incident. If ADEQ is unable to respond to a hazardous materials incident on tribal and federal lands, contact the National Response Center at 800-424-8802, and ask for the EPA Region 9 Duty Officer. EPA has On-Scene Coordinators placed in San Francisco, and Los Angeles, California, and Carson City, Nevada who can provide timely response to a hazardous materials incident in Arizona.

Department of Agricultural (USDA)

USDA's Tribal Transit Technical Assistance Program

The Tribal Transit Technical Assistance Program, funded by the USDA Rural Business and Cooperative Service assists tribal communities in promoting economic growth and development by improving transportation services. The program provides planning assistance for facilities development, transit service improvements and expansion, new system start-up, policy and procedure development, marketing, transportation coordination, training and public transit problem solving activities. Deadlines are on a rolling basis. For more information, visit <http://web1.ctaa.org/webmodules/webarticles/anmviewer.asp?a=259>
